PEQUOT PHARMACEUTICAL NETWORK • PHARMACY NEWSLETTER

August 2021

August is National Immunization Awareness Month,

which highlights the importance of getting recommended vaccines throughout your life. You have the power to protect yourself and your family against serious diseases [like whooping cough, cancers caused by HPV, and pneumonia] through on-time vaccination. Go to llhd.org/

As your children head back to school this fall, make sure vaccination is at the top of your checklist. August is also a key time to make sure you are up to date on all the vaccines you need to stay healthy. Use CDC's adult vaccine assessment tool to see which vaccines might be right for you at: <https://www2a.cdc.gov/nip/adultimmsched/>

For information on recommended childhood vaccines, check out this interactive website:

<https://www.cdc.gov/vaccines/growing/>

The Pequot Pharmaceutical Network Pharmacists (PRxN) are here to answer any vaccination questions that you might have. We offer several vaccines to our employees and the tribal family. Call us to find out what you need to keep yourself HEALTHY! **#VaccinesWork #NIAM**
